Driver Dashboard

codebase/login/roles/driver/driver_dashboard.php

Landing screen after login. Summarises today's assigned routes, completed deliveries, reported issues, and fuel used, plus a table of today's deliveries.

ACTUAL INTERFACE (live screenshot)

The screenshot displays the Driver Dashboard interface. On the left is a dark blue sidebar with a user profile at the top (DR, Nimal Perera) and a list of navigation links: Dashboard (highlighted), My Deliveries, Delivery Issues, Proof of Delivery, Fuel Usage, Internal Mail, and Log out. The main content area is titled 'Driver Dashboard' and 'Overview of assigned delivery work'. It features four summary cards: 'ASSIGNED ROUTES' (1 Routes for today), 'COMPLETED' (1 Delivered orders), 'ISSUES' (1 Reported delivery issues), and 'FUEL USED' (21.25 Liters recorded). Below these is a 'Today Deliveries' table with one entry.

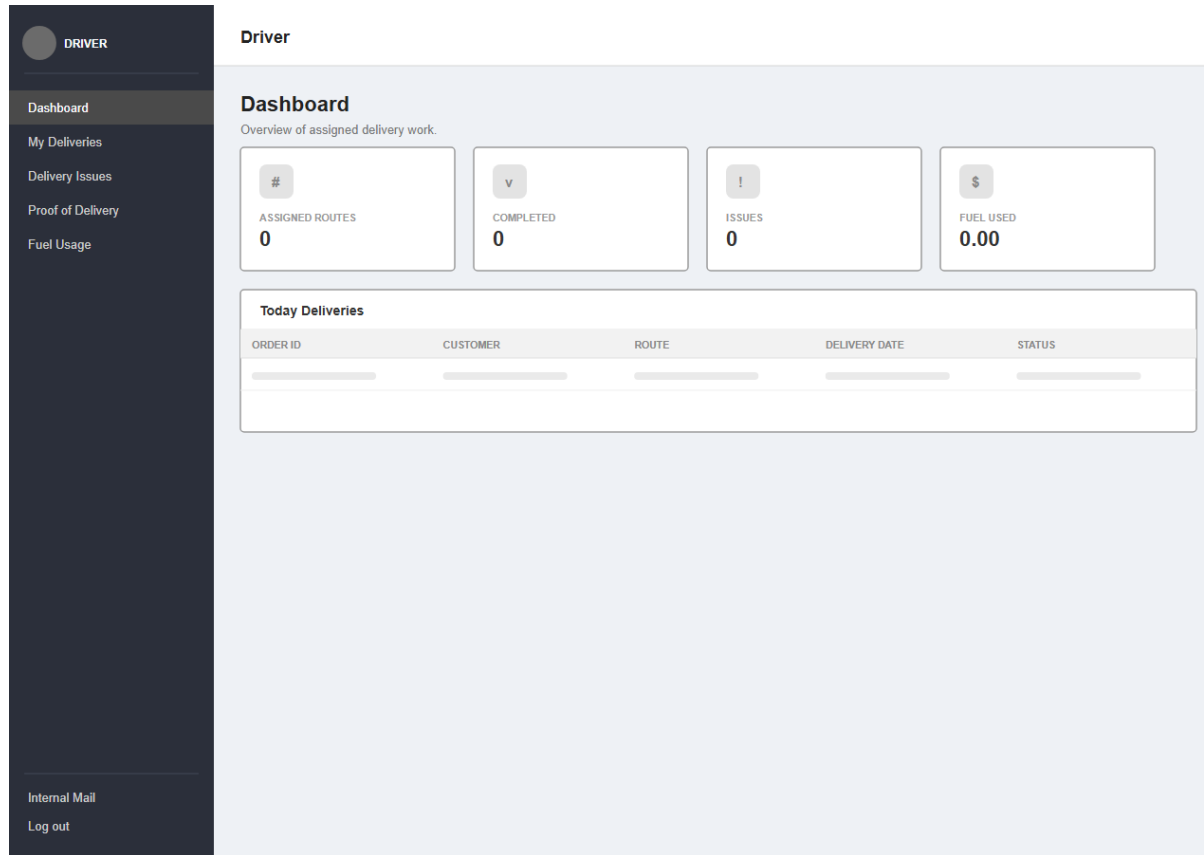

ORDER ID	CUSTOMER	ROUTE	DELIVERY DATE	STATUS
7	Priyanka Wickramasinghe	Kadawatha Route B - Kandy Road corridor	2026-07-16	In transit

codebase/login/roles/driver/fuel_usage.php

Form for recording fuel liters, cost, and odometer reading against an assigned delivery/vehicle, with an editable table of recorded fuel usage.

ACTUAL INTERFACE (live screenshot)

The screenshot shows a web application interface for a driver. On the left is a dark blue sidebar with a user profile (DR, Nimal Perera) and navigation links: Dashboard, My Deliveries, Delivery Issues, Proof of Delivery, Fuel Usage (highlighted), Internal Mail, and Log out. The main content area is titled 'Driver' and 'Fuel Usage'. Below the title is a subtitle 'Record fuel amount and cost for assigned delivery trips.' The 'Record Fuel Usage' form contains four input fields: 'Delivery / Vehicle' (a dropdown menu showing 'Select delivery'), 'Fuel Date' (a date picker showing 'mm/dd/yyyy'), 'Fuel Liters' (a text input), and 'Fuel Cost' (a text input). Below these is an 'Odometer Reading' text input and a 'Save Fuel Usage' button. At the bottom is a 'Fuel Usage Records' table with columns: ORDER ID, VEHICLE, DATE, LITERS, COST, ODOMETER, and ACTIONS. The table contains two rows of data, each with a 'Delete' button in the ACTIONS column.

ORDER ID	VEHICLE	DATE	LITERS	COST	ODOMETER	ACTIONS
#7	NB-7788	2026-07-16	8.75	2,537.50	45340	Delete
#6	NB-4521	2026-07-14	12.50	3,625.00	45210	Delete
